OXFORDANALYTICS

August Results Reporting L3 – Summary Factsheet

- Report at School, Subject and Student level.

- Benchmarked entirely on full national data sets 2500 + centres.

- We are the only organisation using national data to provide direct comparisons with DfE baselines – updated annually.

- The average report generation speed is 6.46 seconds from data upload.

- You pay one flat fee - £275.

- Report runs are unlimited. You can re-run reports, for example after re-marks or create bespoke reports.

- You can include the widest range of subjects: A-levels, BTEC, IB, Cambridge Pre-U, IFS etc. All in one report or as separate reports.

- You can report learner characteristics: SEN/ FSM/ Ethnicity/ Pupil Premium/ G&T, CLA & EAL.

- Over 90% of our partner schools ran their report on results day 2015 itself – and participating schools were double in number since last year.

Report on years 12, 13 & 14 separately or combined.

Errors scan each report run.

HTML 'hover over' subject reports included.

Access to our Performance & Achievement Data Helpline to December 20th

** New features for 2016 include the key measures Score Card & multi-year trends**
